Question:

How do I change my State K-12 password?

Answer:

Password requirements:

- Be at least 12 characters in length
- Must not be a dictionary word in its entirety (e.g., "photosynthesis" or "whippoorwill")
- Must not consist of a single repeating character or a series of sequential characters (e.g., "aaaaaaaaaaaa" or "opqrstuvwxyz")
- Must not match a known compromised password (Passwords will be checked against a database of compromised passwords)

Complexity requirements are enforced when passwords are changed.

Account Overview:
